It was pointed out at the meeting the dangers of this crossing have multiplied with the increase of out-of-state car traffic through the city over US 441.

## LEGISLATIVE HAPPENINGS

— Session Of 1953 —

**TALLAHASSEE**—Despite Governor McCarty's declaration that the \$350 pay raise for Florida teachers voted by the house and senate last week was as high as the state could be expected to go, all hope was not being abandoned for a greater increase before the current session adjourns early in June.

The \$350 increase was an item in the appropriations measures adopted by both houses for the operation of all state functions during the next two years. There must still be enacted one of a number of proposed measures to determine the manner in which the money will be spent. These measures provide for increases of varying amounts in the pay going to the various ranks of teachers as established in the minimum foundation program law.

Rep. Roy Surles of Polk County, chairman of the house education committee, late last week quickly had extended the time for considering these measures. Should there be indicated a changed attitude toward the teacher pay question, a bill calling for more than \$350—\$450 is being talked—might be brought out and passed. This would necessitate a revision in appropriation figures.

Senator George G. Tapper of Port St. Joe, with Senator Russell Morrow of Palm Beach, spearheaded the senate effort to increase the teacher pay item in the appropriation bill there to the \$560 figure urged by the Florida Education Association.

Senator Graham Black of Jasper, urging a substantial appropriation for a bell tower at the Stephens Collins Foster memorial in his district, has also been among the senators prominently identified with measures aimed at more adequate school financing.

Senators enjoy the use of private offices, with telephones, luxuries that the more numerous house members don't have. Exceptions are the big-county delegations—Dade, Duval, Hillsborough, Polk, Pinellas—which have been allotted office space. The Dade and Hillsborough delegations brought with them special attorneys to check on bills.

Dean of the house is Rep. Elbert Stewart of Hendry County, who first entered the legislature in 1931 and has served continuously since that time, with the single exception of the 1933 session. Rep. J. Ed Stokes of Bay County started in the legislature before Stewart, but has not served as many terms. Stokes first came to the house as a member in 1919. Another old-timer is Rep. Bernie C. Papy of Monroe County, continuously a member since 1935.

Rep. Frank Marshburn of Levy County in the cattle country has introduced a measure to require fencing of all livestock in his county. His measure expands the operation of fencing laws beyond the provisions of the state-wide law which applies only to state highways. This progressive measure contrasts with efforts by cattle interests in other counties to have strict local laws repealed in favor of the nearly toothless statewide highway fencing law. Such a movement is reported from Charlotte County where Rep. Hathaway said he had been asked to introduce such a measure.

House Speaker C. Farris Bryant came down from the rostrum to

engage in debate on an amendment by Rep. J. Kenneth Ballinger of Leon and Emory "Red" Cross of Alachua to raise the proposed teacher pay increase from \$300 to \$500. Bryan opposed the \$500 figure and supported a substitute amendment by Rep. J. A. "Tar" Boyd of Lake County to place the increase at \$350.

Senator W. Turner Davis of Madison, who will be president of the 1955 senate, follows in the footsteps of his father, Charles E. Davis, who was president of that body in 1915.

Apparently growing in popularity among legislators here are the shoe-string type neckties. Some call them Confederate bow ties. They come in black and a variety of colors. Among those wearing the ties on recent occasions were Senator Wallace E. Sturgis, Senator A. G. "Sandy" McArthur, Senator C. H. Bourke Floyd, and Rep. Emory Cross.

Maine lobster is reported to be on the menu of a big party scheduled for the weekend by the republican contingents from Manatee and Sarasota counties in the legislature.

## Pahokee PTA Names Officers For Year

Mrs. Edward A. Jensen was elected president of the Pahokee Parent-Teacher Association at the April meeting held in the high school auditorium Monday night.

Other new officers elected were Mrs. George Arceneaux, first vice president; Mrs. Frank Wilson, second vice president; Mrs. Don Hall, secretary; Mrs. Graham Mole, treasurer; Miss Ruth Dorsey, historian, and Richard L. Brooks, parliamentarian. The report of the nominating committee was given by the chairman, Mrs. J. G. Thomas, Jr. The new officers will be installed at the May meeting.

Mrs. Doris Sasser, retiring president, named Mrs. George Arceneaux, Mrs. Don Hall and R. L. Brooks on a committee to make arrangements for setting up a youth center under the sponsorship of PTA. The group accepted the offer of Fred and Percy Mansfield Post 90 to use its American Legion Hall on Canal Point for the youth center.

The group authorized the payment with PTA funds of \$417.66 for drinking water fountains at the Pahokee Schools, including the installation of two new electric drinking water coolers. It was voted to send two delegates, the new president and the new program chairman, to the PTA School of Instruction in Gainesville June 9-12, each delegate to receive \$30 from PTA to help pay expenses of attending the school.

PTA also voted to assist the Pahokee High School Senior Class to the extent of \$25 in meeting the class's expenses on their proposed "skip day" trip to Tallahassee.

The monthly attendance awards were won by Mrs. Charlotte Walston's fifth grade room at the elementary school and by Ned Koeher's tenth grade group at the high school.

Mrs. George Arceneaux, program chairman, introduced Bandmaster Robert O. Lampi who presented his Pahokee High School Band in a concert which featured a baritone horn solo by Calvin Eadgett and the student conducting of Lynn Shirley. Following the concert refreshments were served to members of the band by a PTA hostess committee.

One hundred drivers for Florida Greyhound Lines who went through the month of March without an accident were feted in Jacksonville recently. They covered a total of 500,000 miles in their accident-free driving.

## Boy Scouts Enjoy Camping Trip

With Ed Carver driving the truck, members of Boy Scout Troop 28, sponsored by the Pahokee Lions Club, got their gear together Friday afternoon and traveled to Fishcreek Creek on the west side of Lake Okeechobee where they had a grand time camping out Friday and Saturday nights, returning home Sunday afternoon. In addition to nature study and fishing, the scouts had

some exciting adventures with wild hogs armed with wicked-looking tusks, ranging in size from one-half inch to one-half foot, according to the vividness of the imagination of the scout who described them.

Scouts making the trip were Lonnie Clay, George Clay, Kent Rogers, Walter Fountain, Glen Levins, Tarzan Bellamy, Kenneth Williamson, Harry Sheppard, Tripp Alderman, Clyde Alley, Jr., Larry Beady, Earl Kelly, John Guerry, Sam McKinstry, III, Max Beverly and Rupert Mock, Jr.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one *sure* way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Subject of the Lesson-Sermon in all Christian Science churches next Sunday is "EVERLASTING PUNISHMENT." Man's opportunity to think from a spiritual standpoint and so overcome sin and suffering is stressed.

A verse from Hebrews (12:11) provides the Golden Text, "No chastening for the present seemeth to be joyous, but grievous; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby."

Bible selections include this from Romans (6:16): "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether of sin unto death, or of obedience unto righteousness."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Christian Science commands man to master the propensities . . . to hold hatred in abeyance with kindness, to conquer lust with chastity, revenge with charity, and to overcome deceit with honesty" (p. 405).

## Power Of Milk Board To Be Aired

TALLAHASSEE — Price-fixing powers of the Florida Milk Commission will be given an airing on April 29 when a House committee headed by Rep. Edna C. Pierce of Highlands County holds a public hearing on legislation affecting the commission.

This is one of the most controversial bits of legislation being considered and last week the Florida Milk Producers Association representing the dairymen joined with the Florida Dairy Association representing most processors in an effort to keep the commission as well as retain its price-fixing authority. The commission has been under fire from the public for authorizing alleged unwarranted and uncalled-for price increases in several areas of the state.

## Bill Would Abolish Vehicle Department

TALLAHASSEE — Senator Doyle Carlton, Jr., of Wauchula, has introduced a bill that would abolish State Motor Vehicle Department inspectors and turn funds thus saved over to the Florida Highway Patrol.  
Carlton said the senate appropriations committee had already eliminated the fund requested to pay the 50 odd inspectors during the next two years, approximately \$372,000. "We all recognize," he said, "that this is a field for patronage; by eliminating this enforcement agency we can do away with a budget duplication."

## Automobile Mishap Injures Mrs. Sims

Mrs. James Clark Sims, who was Imogene Spivey before her recent marriage, suffered an injured right ankle and cuts on the nose and forehead in a traffic accident on SR 700 eight miles east of Canal Point Saturday afternoon when the car her husband was driving collided with a dump truck owned by J. G. Weeks and Sons and driven by Luther Flowers.

Mr. Sims' sister, Mary Ellen Sims, also a passenger in the car, was taken to the Everglades Memorial Hospital with Mrs. James Sims but was released after a checkup.

Flowers, who was not hurt in the accident, was traveling west and is reported to have swung his truck, loaded with gravel, on the left side of the highway in attempting a right hand turn causing Sims, who was following, to sideswipe the truck before he was able to stop his car, according to Cpl. E. D. Dugger who investigated. Dugger charged Flowers with violation of the right of way.

ORDINANCE NO. 234  
AN ORDINANCE GRANTING TO FLORIDA POWER & LIGHT COMPANY, ITS SUCCESSORS AND ASSIGNS, AN ELECTRIC FRANCHISE, AND IMPOSING PROVISIONS AND CONDITIONS RELATING THEREOF.

BE IT ORDAINED BY THE CITY COUNCIL OF PAHOKEE, FLORIDA: Section I. That there is hereby granted to Florida Power & Light Company, (herein called the "Grantee"), its successors and assigns, the non-exclusive right, privilege and authority to construct, maintain and operate in, under, over and across the present and future streets, alleys, highways and other public places of the City of Pahokee, Florida, (herein called the "Grantor"), and its successors, in accordance with established practice with respect to electric light, power and maintenance, for the period of thirty years from the date of acceptance hereof, electric light and power lines (including conduits, poles, wires and transmission lines, and for its own use, telephone and telegraph lines) for the purpose of supplying electricity to Grantor, and its successors, the inhabitants thereof, and persons and corporations beyond the limits thereof.

Section II. That Grantor hereby reserves the right to purchase the location of this grant to purchase the property of Grantor under this grant, as provided by the laws of Florida, in effect at the time of Grantor's acceptance of this grant, and Section 167.22 of the Florida Statutes of 1949, and as a condition precedent to the taking effect of this grant, Grantor shall give and grant to the Grantor the right to purchase so reserved. Grantor shall be deemed to have given and granted such right of purchase by its acceptance hereof, which shall be filed with the Grantor's clerk within thirty (30) days after this ordinance takes effect.

Section III. That the facilities shall be so located or relocated or so erected as to interfere as little as possible with traffic over said streets, alleys, bridges and public places, and with reasonable access to and from the abutting property. The location or relocation of all facilities shall be made under the supervision and with the approval of such representatives as the governing body of Grantor may designate for the purpose, but not so as unreasonably to interfere with the proper operation of Grantor's facilities and service. That when any portion of the street is excavated by Grantor in the location or relocation of any of its facilities, the portion of the street so excavated shall within a reasonable time, and as early as practicable after such excavation, be replaced by the Grantor at its expense and in as good condition as it was at the time of such excavation.

Section IV. That Grantor shall in no way be liable or responsible for accident or damage that may occur in the construction, operation or maintenance by Grantor of its facilities hereunder, and the acceptance of this ordinance shall be deemed an agreement on the part of Grantor to indemnify Grantor and hold it harmless against any and all liability, loss, cost, damage or expense, which may accrue to Grantor by reason of the neglect, default, or misconduct of Grantor in the construction, operation or maintenance of its facilities hereunder.

Section V. That the rules and regulations established by Grantor from time to time shall at all times be reasonable and Grantor's rates of electricity shall at all times be subject by law.

Section VI. That within thirty days after the first anniversary date of each succeeding anniversary date of this grant, the Grantor shall pay to the Grantor and its successors an amount which added to the amount of all taxes, assessments and other impositions levied or imposed by the Grantor upon the Grantor's electric property, shall constitute the subsidies for the preceding tax year, and the amount of Grantor's revenues from the sale of electrical energy to residential and commercial customers within the corporate limits of the Grantor for the twelve fiscal months preceding the applicable anniversary date.

Section VII. As a further consideration of this franchise, said Grantor agrees not to engage in the business of distributing and selling electricity during the life of this franchise or any extension thereof in competition with the Grantor.

Section VIII. That failure on the part of Grantor to comply in any substantial respect with any of the provisions of this ordinance, shall be grounds for a forfeiture of this grant, but no such forfeiture shall take effect if the reasonableness or propriety thereof is competent jurisdiction (with right of appeal

In either party) shall have found that Grantor has failed to comply in a substantial respect with any of the provisions of this franchise, and the Grantor shall have six (6) months after the date of such finding to make good the default before a forfeiture shall result with the right in the Grantor to sue for and recover an additional time to Grantor for compliance as necessities in the case require.

Section IX. This ordinance shall take effect when a majority of the electors voting at an election to be called by the City Council for the express purpose of determining whether the franchise provided for hereby shall be granted shall have indicated by their vote that they shall be granted.

Hello everybody! Paul Douglas is a guy who was almost too good at his job. He was a top sports announcer for years, and wanted to become an actor, but he was so good at announcing, he couldn't break away to become a thespian. Finally casting the stage play "Born Yesterday", Producer Garson Kanin remarked he wanted a "Paul Douglas type" for the leading male role. Someone suggested, "Why not get Paul Douglas?"—so Douglas became an actor. He became a star in his first picture, "A Letter to Three Wives", and became a contender for an Oscar for his later role as a movie star. He finds the experience greatly stimulating, as when the crowds gather whenever he and his beautiful wife, Jan Sterling, enter a theatre or cafe. He is naturally gregarious and friendly and thinks the fans—even the autograph seekers—are "wonderful people." When he first became a star, he and his wife rented a huge estate in Beverly Hills, with a lake-size swimming pool and several servants. They were tired of the place rapidly however, and now are living in a modest home. On the set, he is likeable and laughable. Between scenes, he engages in a constant flow of conversation, argument and banter with the other stars, the director, the set workers and visitors. He enjoys talking to newspapermen who come on the set because "he used to be a newspaperman himself." He still continues his avid interest in names and batting averages of almost every major league player for the past several years. He is also an ardent football fan, and is considered an expert on the sport. He loves to travel. During World War II, he traveled all over the European and Pacific Theatre of War. He and his wife recently entertained troops in Korea. See you at the movies—Mal.

## Eisenhower Gets Grits From Florida

TAMPA—In 1944 when Eisenhower was commander in Europe, Bing Crosby asked him what he wanted for Christmas.

"Grits," the General replied. When Cecil Webb, of the Dixie Lily Milling Company heard about it he sent a supply of grits to the general with his compliments.

During his campaign for president when Eisenhower visited Tampa he was again presented with a five-pound package of Florida grits.

When the General became President and moved to 1600 Pennsylvania Ave., Webb shipped him another package of grits and advised him that a package would arrive each week.

Senators Holland and Smathers asked the President if his favorite breakfast food was arriving regularly.

The President grinned and said that it was and that he was thoroughly enjoying it.

## Morrow Offers Bill To Extend Length Of The Legislature

State Sen. Russell Morrow, Lake Worth, Monday introduced two bills in the Senate, one of which would allow the Legislature to meet 180 days and the other would extend by constitutional amendment the term of House members to four years.

Currently, the Legislature meets for 60 days. Another bill seeking extension of the meeting time to 90-day sessions was introduced Monday by Sen. Branch of Tampa.

In Sen. Morrow's second bill, house members who now serve two terms would gain an additional two years if the proposed constitutional amendment was voted favorably in a state referendum. State senators now serve four-year terms.

Rep. John Bollinger, Palm Beach County, and Rep. Ballinger, Leon, jointly introduced a bill to make it illegal for anyone to sell rides in their private automobiles without being registered as a public carrier. The bill would not prohibit car owners from taking riders to work or outland persons seeking riders for trips on a share the expense basis.

### WOLFSON RESIGNS

TALLAHASSEE—Sam Wolfson, Jacksonville, has submitted his resignation as a member of the State Tuberculosis Board to Governor McCarty.

Giving ill health as his reason for the action, Wolfson said he found it imperative to curtail his activities.

He stated, however, that he felt compelled to stay on the board until the Attorney General had completed his investigation of "irregularities" at the Tampa Tuberculosis Hospital, where alleged payroll padding and unauthorized surplus property disposals occurred.

No effective date was set on the resignation and no action has been taken by the Governor.
